

WE SUPPORT OUR COMMUNITY

Beeler Orthodontics is committed to the White Mountains community. We are happy to give to causes that coincide with our values and patient needs.

If you have a charitable cause you would like assistance with, please look over the causes we currently support. You may find we are already helping! We also have instituted a staff-reviewed, quarterly giving schedule that will review the applications received by patient families and organizations and award money or services based on our values.

To apply for support, **please complete this application form** and **return to Beeler Orthodontics**.
